TRANSMITTAL OF SUPPLEMENTAL  
INFORMATION DISCLOSURE STATEMENT

In a telephone conversation between James McPherson and the Examiner on August 12, 2003, the Examiner stated that despite the fact that the enclosed PCT and Canadian references were already cited, via a German counterpart patent, DE 199 02817A, submitted in a supplemental IDS on March 25, 2003, and only just discovered within days of submission of the previously filed supplemental IDS on August 7, 2003, that a new IDS and fee would still be required to have the references reviewed.

Applicants respectfully request reconsideration of this requirement and that the two enclosed counter-parts references to the previously submitted German patent be considered along with the other references cited in the IDS filed on August 7, 2003.

In the event that the Examiner is still of the opinion that an additional IDS and fee is still required to have the references reviewed, Applicants hereby submit this statement in
